Weitendorf-Klemann Marriage May 28

Miss Ethel Weitendorf, daughter of Mr. and Mrs. William Weitendorf of Frankfort became the bride of Raymond Klemann, son of Mrs. Anna Klemann of Peotone, Sunday evening at seven o'clock in the parsonage of St. Peter's Evangelical and Reformed church at Frankfort. The pastor, Rev. Erich Bizer, officiated.

The bride wore an aqua suit with a white off the face hat. She carried a white prayer book with gardenias and lilies of the valley. Her jewelry was a three strand pearl necklace, a gift from the groom.

Miss Isabella Harmening, maid of honor, wore light blue summer suit with white accessories and a corsage of white and pink roses.

Edward Gaines of Crete was best man.

A wedding dinner was served in the home of the bride's parents. Decorations were in blue and white with large wedding bells. A large wedding cake centered the table. It was surrounded with roses and lilies of the valley and tall tapers in crystal holders at either end of the table. Guests were Mr. and Mrs. Edwin McDowan, Mrs. K. Dowan, Rev. and Mrs. Erich Bizer, Arnold Klemann, Mrs. Carl Harmening.

For their wedding trip to the Smokies, the new Mrs. Klemann wore a beige suit. The bride is employed at the Bell Telephone Company office in Chicago Heights. They will make their home at 1929 West 187th street in Homewood.

Tony Bettenhausen Wins Fifth In Nat'l. Auto Races at Indianapolis Tuesday

Many people in this section followed the auto races at Indianapolis Tuesday by radio and newspaper, particularly to see how Tony Bettenhausen of Tinley Park would fare. They were sorry when the news came that he was forced off the track on his 84th lap when a front wheel bearing burned out in his Blue Crown special. But he got right back into the race as a substitute driver for Jole Chitwood of Reading, Pa., and came in fifth place.

Award Medals at Memorial Day Prog.

Memorial day services at Frankfort were sponsored by the Bobzin-Swinford Post of the Veterans of Foreign Wars, Boy Scouts, Brownies, and other school children and members of the VFW and other citizens assembled at the school and marched to the village hall. After brief services conducted by Commander Carroll, a wreath was placed at the honor roll.

The VFW had offered prizes to the sixth, seventh and eighth grade pupils of the Frankfort school for the best essays of 200 words or more submitted by them, to be written on the life of any great American. The medals were presented by Commander Carroll to the following winners: Janice Johnson, sixth grade, subject, Clara Barton, 81 bronze medal; Inez Relter, seventh grade, subject, Stephen Foster, silver medal; and Lois Minger, eighth grade, subject, Jane Adams, gold medal.

From the hall the group marched to Pleasant Hill cemetery for a short service. The Rev. David Munson, of the Methodist church, gave the invocation and benediction. The children placed flowers and flags on the graves of the veterans. A salute was fired and taps were sounded by members of the Post.

Edward J. Hobson, aged 54, of New Lenox, passed away May 26 at Hines Veterans hospital after a lingering illness. Funeral services were held from the Western funeral parlor in Joliet, at two o'clock Monday May 29 with Rev. Kenneth Hansen officiating. Interment was at Oaklawn cemetery in Thornton.

Mr. Hobson, who had been a resident of New Lenox for many years, and served with the Canadian army in World War I, is survived by his widow, Goldie; one brother Norman of Harvey, and a sister, Mrs. Edith Scheel of New Lenox. His son Edward J. Jr., preceded him in death.

Lightning Strikes 3 Times in Small Area

During the electrical storm on May 25, three homes in Homer township were struck by lightning with minor damages to each one.

At the Charles Stewart home the meter box and wiring were burned out and they were without lights until they were given temporary service for the night. A new box had to be installed.

A flash at the home of Henry Roth, damaged the chimney and split the corner trim of the house. The ceiling and floor were scorched and the electric wiring was damaged.

The barn on the Everett Holm farm at 143rd and Bell road was hit by a cold streak. It was seen by someone on the premises, who called the Orland Park Fire department but no fire was started there.

Auto Accident Near Frankfort Tuesday Injures Seven

Among the high count of dead and injured on the weekend holiday were seven people in an accident near Frankfort.

There was a two-car crash on route 45 about one mile south of route 30 in which five Chicago people were injured.

According to deputies' reports, Anton Igle, 42, stated he was traveling north on 45 returning to Chicago, when August Pinnow, 60, driver of the second car, turned in front of him. Igle said he was unable to stop and ran into the right side of the Pinnow car.

The injured were taken to Silver Cross hospital by ambulances are: August Pinnow, fractured right shoulder; two brothers, Herman, 72 and Louis 67, back and leg injuries; Louis' wife Mrs. Mary Pinnow, 63 back and leg injuries and Mrs. Louise Hoag, 55, chest injuries and head pains.

Anton Igle was treated for chest injuries and his wife, Irene, 40, compound fracture of the right leg and several fractured ribs and head injuries.

Frankfort Boy Gets Honors at Illinois

Scherrill Weichbrodt, son of Mr. and Mrs. Wallace Weichbrodt, of Frankfort, was initiated Wednesday night into the Orchestis, an honorary dance organization, at the University of Illinois. He appeared in the dance concert given there in April.

He was recently elected secretary of the Theta Chi, a social fraternity and belongs to the Phi Eta Sigma, a scholastic honorary. He was elected to membership in the Alpha Kappa Psi, the oldest commercial fraternity in the United States, and candidates are chosen for leadership, scholarship and are considered promising students in the field of commerce.

Jimmy Hart Wins Trip to Hollywood

The many friends in this territory of Jimmy Hart of Joliet, will rejoice with him in his recent good luck.

Mr. Hart, who is a salesman at the Joliet Sears Roebuck store, won the slogan in the cerebral palsy contest. His slogan was: "Your cash—and your courage—can conquer C. P."

The prize was a two week all expense paid trip to Hollywood for two persons. He and his daughter Dawn, 13, will fly TWA on June 18 his wife going by train.

Especially pleasing is the fact that this gives the Hart's an unexpected visit with his mother Mable Hart, who was one of the "Elder Lovelies" in the Ken Murray "Blackouts" at Hollywood.

Albert E. Lehnert Age 40, Died May 26

Albert Ernest Lehnert, age 40, of Frankfort, died May 26, in St. Joseph's hospital, Joliet after a lingering illness. He was born in Frankfort township and lived on a farm near Mokena for several years. He is survived by his parents, Mr. and Mrs. Joseph Lehnert, and one brother Clarence, also of Frankfort.

Funeral services were held Monday from the West End funeral home, Chicago Heights to St. John's Evangelical and Reformed church in Mokena. The services were conducted by the Rev. William J. Riemann, pastor of the church. Burial was in St. John's cemetery.

F.F.A. Hold Annual Banquet in Joliet

The annual banquet of the Joliet chapter of the Future Farmers of America was held May 24 at the Ottawa Street Methodist church in Joliet. Among the features of the program were musical numbers by a quartet and the a cappella choir of the Joliet township high school.

Edmund Puddicombe of the high school faculty showed colored slides he had photographed on trips taken in several parts of the United States. The chapter sweetheart, Audrey Niethammer of Mokena, was given a compact. She presented the chapter members with a cake. Martin Medema, Mokena, is the reporter for the FFA.

Pictured is a front view of the new New Lenox Lumber Company's Mokena branch office. In the rear of this building are the warehouses for storing lumber and other building supplies. The grand opening of this branch office will be held Saturday, to which the public is invited to attend the open house from 7:00 A. M. to 5:00 P. M.

VFW Presents Good Program Memorial Day at Mokena

Memorial Day in Mokena was observed by a fitting and well attended program.

The William Martin Post VFW No. 725 under the direction of its commander, Glenn Peterson, prepared a good program which started in their new hall on Wolf road at 10:30 a.m. The school children were present with their teachers who under the direction of Mrs. Elizabeth Cappel, principal, sang several songs.

As Fred Steinhagen read the roll call a flower was placed on a vacant chair in memory of each deceased veteran by Martha Jo Doyle. Marilyn Cooper sang for this occasion "My Buddy" accompanied by her sister Dolores. The new school band for the Mokena public school favored with a special number. Their accompanist was Charlotte Gilmore.

Elmer Rowley, dean of the JT Junior college, speaker of the morning went back to the ancient Greeks and Romans, and showed how they, once a year, paid special attention to their deceased braves. He told how the women of Columbus, Miss., were the first in this country to decorate the graves of veterans who gave their lives for this country; and how it was General Logan's Order No. 11 which finally set aside May 30 of each year for special homage to those who sacrificed their lives for their country.

Mr. Rowley stated that now Memorial Day is a symbol of all ideals that wars have been fought for and aimed to be. He said that it is sometimes hard to feel the gains made through war is worth while. Now Memorial Day is dedicated to the necessity of national unity; freedom of speech, press, religion and for a just social order for rich and poor, for the common good of all in a world of peace and prosperity.

Following the service, a long line of marchers: VFW, Auxiliary, Boy and Girl Scouts and Brownies and school children marched to the Memorial Pioneer cemetery and paid homage to the revolutionary war soldier, A. Denny; then to the veteran's plot in St. John's cemetery for the VFW held their ritual service.

All veteran's graves in the three Mokena cemeteries had been decorated with a flag and flower by the VFW.

The new building, which houses the store and office, is 48x24, and is modern in every respect. The lumber shed is 16x72 feet and is conveniently planned for all grades of lumber. Glenn Vally of New Lenox is the manager of the Mokena branch.

The New Lenox Lumber and Hardware business was started by the late George Hacker of Mokena. He was assisted by his daughter Miss Muriel Hacker and his sons-in-law, Ceward W. Batson and Frank Vally. Following Mr. Hacker's death in 1939, the business was carried on by them. Later Mr. Batson withdrew and started an implement business leaving Frank Vally and his sons, George and Glenn in the lumber business. Miss Muriel Hacker is bookkeeper. Previous to establishing the New Lenox lumber business Mr. Hacker was in the same business in Mokena, which he later sold to the Frank Mall Lumber company.

GERALD BAYERS KILLED IN AUTO ACCIDENT WED.

The 5 year old son of Mr. and Mrs. Rudolph Bayer of Orland township was instantly killed Wednesday evening when he opened the door of his parents car as they were driving.

Mr. and Mrs. Bayer had gone to Harvey to visit her sister and were returning home about 8 o'clock. Their two boys were in the back seat as was their custom, when Gerald unlatched the car door. Just at that time a large truck was passing and it is thought the suction from the truck drew the door open and with it little Gerald.

The accident happened on 169th street about one mile east of Oak Forest. The car is a four door Plymouth.

Mr. Bayer stopped at once as they were cruising and picked up the little boy from the pavement. It is that he died instantly. He was taken on at once to the Oak Forest Infirmary, where an inquest will be held this morning at 11 o'clock.

Gerald was a triple, born October 2, 1944. One of the triplets died April 27, 1945. Funeral arrangements have not been made.

Ancient Greek History Repeating in America?

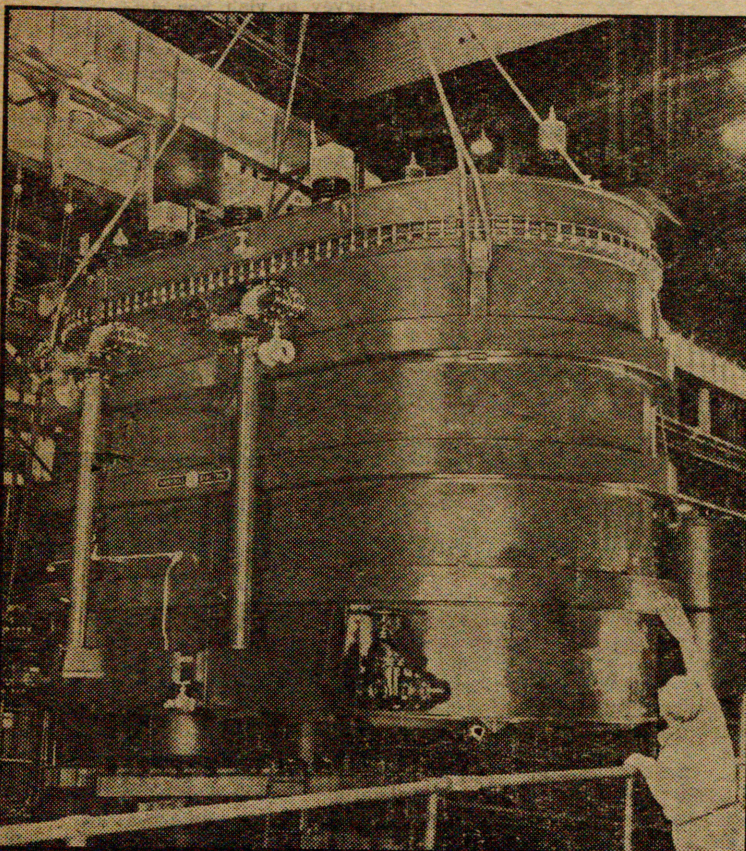

"I wish to say that a mighty change has come in the affairs of our city, and our ideals are utterly unlike those of our leaders in a previous generation. When I was a boy, it was considered not only safe but honorable to create an estate, so that almost all men of standing wished to add to their possessions, and felt a certain dignified honor in prospering, but now one must apologize for any success in business as if it were the utter violation of moral law, so that today it is worse to seem to prosper than to be an open criminal.

"Criminals can get off with a small punishment or a pardon, but there is no escape for the Prosperous, as they are doomed to utter destruction. You can find more men banished for their wealth than criminals banished for their crimes."

The above is a quotation from one of Isocrates 21 survivors who stated it in 354 B. C. Things must have been then a little like some people see them today.

They had ghost writers in ancient Greece. The pay seems to have been better than now. One of them, named Isocrates (no relative of Socrates the philosopher) got 20 talents, or about \$14,000, for writing a speech for the King of Cyprus, Nicocles, according to Wheeler McMillen, editor-in-chief, Pathfinder news magazine.

Isocrates was a prominent citizen in his own right. He was so devoted to liberty that he committed suicide by starvation because he thought that losing the battle of Charene was "fatal to liberty." That was in his 98th year.

SOFTBALL

Tinley Park Softball
By "Beans"

Men, friends, and fellow baseball players let it be known by all and sundry that the softball season has, by the time you read this, started.

Greetings gentlemen! It's been a long winter. (these girls you know) but the snow has gone, the grass is as green as it can get, the flowers are blooming their little petals off, and the poor baseball players have already started to stock up on their summer supply of bruises.

Herewith I'll proceed to give a resume of what I've seen, heard, and been told around this here league. To make a short story shorter, I don't know a heck of a lot about what's doing other than my own team, those newly organized Methodist Monsters. The number of teams in the league is fewer than last year, but maybe this is for the best. Maybe some of the weaker teams will be stronger and make a much more well balanced league. Maybe we won't see the lopsidedness that prevailed last year. The teams that have been entered and are still in are as follows: The two bakery teams, the Doughboys and the Roadhogs have essentially the same squads; Doc Cavett has been hovering all winter, but has finally decided to enter his better than ever Pillpushers (Harold Teehans on it); how those Saenger Hall boys (joke), those old men, can expect to compete with us young fellows is beyond me, but they claim they're due to finish on top; Al Brandau is back with his Scoopers. He should do one heck of a lot better than last year. Terrible Harold Teehan decided not to enter a team this year—I don't know, ask him. The Devil team isn't back. Evidently Ken Devlin had enuf of his crimples. The gentlemen from the Lutheran church aren't out this year. I haven't been able to find out what

happened to them. Maybe it got too hot for them.

The two new teams due to see action are a team from North Tinley, locally known as Parkside, and the remnants of the Devil team which is being sponsored by the Methodist church. Brave aren't they?

It was rumored around that the Catholic church was entering a team but those brave fellows reneged at the last moment. It was this away as far as I can gather; they simply did not have anyone to organize them. During the winter, at different times, I thought three different fellows were taking over the managership, but at the last minute they all pulled out in a hurry. Nice goin' guys.

Say, by the way, last but very, very far from least, the femmes fatal have a good manager this year, namely, "The Moose" (Eric Nasebandt) and should go places in their respective unorganized league. Watching those females play ball is like watching a three ring circus. They're learning tho. Keep at it girls.

Since no one wrote a follow-up on the shin dig, I will proceed to slip it in. I'm no dancer and naturally took no interest in the dance and so I didn't go, but other people did, judging from reports received from my spies. The take wasn't too high, but enuf people went to pay for the brew which is very important. Ben Tauchek, president again this year, and other league officers and other does that helped at the dance, and we softball players want to thank the swell business men who donated their hard earned dough to the dance to pay for the advertising. Thanks again, we appreciate it!

The league schedule will be out shortly (just as soon as Ben figures the mess out). One will be posted in Doc Cavett's window to keep you dust eating fans posted. Take heed you people that drive cars. The northeast entrance to the park has been closed. Why I don't know. Evidently the road on the field has something to do with it.

'Nuff for now, see you next week.

Doff your hats people! Got a sad flash (and I do mean late)—the day the season opened. The Bakery Roadhogs decided not to enter a team this year. This means that the league will consist of six teams. Poor Ben will have to go through the misery of making out a new schedule.

It's going to be quite a race judging from the high calibre play this first week. You would think it was the end of the season the way the guys are digging in and doing their darndest. Easy fellows. We have 30 more games to go.

Stand ngs correct to and including Thursday, May 25th:

Team	W	L	%	G.B.
Parkside	2	0	1.000	
Saenger Hall	2	0	1.000	
Pillpushers	1	1	.500	½
Doughboys	1	1	.500	½
Methodist	0	2	0	1
Brandau's	0	2	0	1

Tinley Tops Markham 6 to 2
On Sunday, May 28 Markham visiting Tinley, came out on the short end of a 6 to 2 score.

The Sportsmen made three errors in the first inning coupled with two hits and two walks accounted for two runs.

Tinley came back in the third inning with 1 run when Galina walked, stole second and scored on Keuch's double.

Danlow hurling for Tinley allowed just four scattered singles after the first inning while walking one and striking out nine, giving him 12 strike out in all.

The Sportsmen tied it up two all in the seventh inning on a walk, 2 hits and 1 error.

Markham started the eighth with Seymour flying out to Anderson, Papan singled, Lister lofted to DuBois, J. Bell singled and Kelly hit a little handle rap that Galina ranged nicely to his left and speared Tinley's eighth was very productive when Trepanier walked, Danlow singled, DuBois singled, Lloyd walked, Flicker flew out, Ricci struck out, Galina singled and Anderson flew out making four runs

tallied, and the score 6 to 2.

Markham threatened in the ninth when Landrey singled, Nielsen flew out to Trepanier and B. Halmes struck out. Landrey still on first, tried to steal, with Shott at the plate. Lloyd's throw was to the left of second, but Galina made a nice stab of the ball and tagged Landry as he rounded second to end the ball game.

On Sunday, June 4 Midlothian will visit the Sportsmen. Game time 2:30 p.m.

ORLAND MERCHANTS

Orland 9, Bill Johnson AC, 8
Sunday, May 28, the Orland Park Merchants won their third consecutive baseball game by defeating the Bill Johnson AC 9 to 8 in 10 innings.

John Mahoney pitched for Bill Johnson AC and gave up only 3 hits. His generosity in giving up 12 walks kept Orland in the ball game. Orland's first hit came in the 8th inning when Pike Keuch singled to center. Herbie Hamm won his 2nd game of the year, he allowed only 7 hits, but he had control trouble

In the last of the 10th Orland came thru with an infield hit, a stolen base, advanced the runner to third base on an infield out, and Harley Utthe ended it all by lining a single to left field.

Next Sunday Orland will travel to O'Garrick Boosters (54th and Western, Gage Park) to try and run their victory string to 4 games. Game time 2:30.

Sportsmen B's Play 12 Inning Tie

The Sportsmen B's traveled to Hazelcrest Saturday to find a much improved team. The game went scoreless for five innings but in the sixth, Tinley picked up first of the sixth, Tinley picked up three runs when Paul Jeffords walked, stole second and scored on Bob Cupp's single.

Then Ken Webster came up and banged a double to left scoring Cupp with the second run of the inning. Webster then stole third and scored the third run of the inning on a wild throw by the starting Fernandez, who was the starting pitcher for Hazelcrest. Hazelcrest picked up a run in each of the last three innings, the sixth, seventh, eighth and ninth. Tinley picked up their last run in the eighth. That made the score four all at the end of nine. The teams played three more

CHEMICAL CROP PRESERVATIVE

Scientific tests show that 90% of the Vitamin A and 70% of the protein in Alfalfa is in the leaves. To protect food value, you must harvest hay while tough so that leaves will not be lost, and avoid excessive sun curing. VHC-9 will make it possible for you to do this without danger of mildew, rot, mold, or heat. VHC-9 is a blue powder chemical crop preservative, equally effective in protecting nutritional value in grain and roughage. VHC-9 application equipment available for balers, blowers, and elevators. At the last regular meeting of the Wm. Martin Post, VFW there was some discussion about future activities. Many pretty phrases have been spoken about those who gave their lives for their country. Let us not forget the boys who are in the hospitals and do not allow Congress to legislate laws that curtail hospitalization which is already inadequate.

The public will have another treat on June 17. The dance committee is already busy on plans for a dance on that day. A good band will be acquired and another good time is in store.

On Sunday June 25 the post is planning for a grand opening of their new home. Many visitors from other posts in the state will be present. A number of recruits will receive the obligation at that time. A drill team from Cantigny Post of Joliet is being sought to give the obligation. The public is invited to attend this affair.

attend this affair.

I am happy to have been appointed publicity chairman by Commander Glenn Peterson. For awhile I wondered if I would have anything to do for the VFW this year.

I read in some of the papers that there is a citizen's committee being formed, with the purpose of petitioning congress to pass a bill carrying the recommendations of the Hoover Commission.

Before any veteran or a friend of veterans signs such a petition, it might be wise to know how this bill, if passed, would affect veterans. Veteran's hospitalization rights would be curtailed out of existence his civil service preference would be annulled, and his National Service Life Insurance would be given to another agency other than Veteran's Administration, causing other delays and shuffling of accounts such as we veterans have already experienced once.

These are only a few abuses suggested by the Hoover Commission, so get the facts before you add your name to any petition favoring such action. We of the VFW oppose the bill in part.

Did you get your Poppy last Friday? The ladies were out and sold out. If you didn't get one here be sure to get one somewhere. Don't forget the "Vets" who can't forget.

E. L. Saarela, Publicity.

Mrs. Jessie Sippel attended a bridal shower in Chicago May 23 honoring her niece Miss Nancy Garrett. She will be married June 24. Miss Garrett will be remembered by many Mokena people when she visited Mrs. Sippel and her late husband and helped in their store.

Mr. and Mrs. Eino Saarela moved to Frankfort June 1. They had been living in the flat above the Braun confectionary.

The Misses Myrtle and Maud Warner of Porter, Ind., were weekend guests of their sister and husband, Mr. and Mrs. Mann on First street.

Mrs. Mable Kropp will be hostess today for her card club.

Mr. and Mrs. Barney Hostert and his brother and wife, Mr. and Mrs. Jack Hostert of Canada, left by motor last Thursday to visit relatives in Nebraska.

Mr. and Mrs. Arthur Shoop spent the weekend with her mother at Ashton.

Mrs. Dean Rueckert will open her home Thursday afternoon June 1 to the WSCS of the Methodist church. Joan Rueckert, Audrey Neithammer and James Needham attended the picnic at Inwood Sunday afternoon sponsored by the German language class of JTHS.

Mr. and Mrs. Nicholas Thome were host and hostess to the Bible study group of the Methodist church in their home Sunday evening. Preceding the study, a dinner was served to the 29 guests. Rev. J. Frank Anderson led the study on the book "Where Our Bible Came From" with emphasis being on the prophet Amos. An interesting discussion followed. The next meeting will be Sunday evening June 11 in the home of Mrs. William Semmler.

Mr. and Mrs. Andrew Cappel and Mr. and Mrs. Hugh Deardmore spent Saturday evening with Mr. and Mrs. Bert Spiess.

The last quarterly conference for this fiscal year of the Methodist church was held Sunday afternoon in the local church with Rev. Rasey of Lockport in charge.

A family gathering was held in the home of Mrs. John Nielsen Sunday to celebrate the birthday of her daughter Mrs. Dorothy Beirger with 14 present. Included were Mr. and Mrs. Orville Schroeder and Mr. and Mrs. Harold Williams and family of Chicago.

Mr. Theodore Oestreich of Joliet spent Sunday in the home of his sister, Mrs. Wm. Semmler. He left Wednesday to spend the summer with his sister, Mrs. Emilie Campbell in Seattle.

Mrs. George Warning, who had at Wilton Center.

"PINCHED" FOR GOING TOO SLOW

And it all happened in Chicago as Roy Monsen, owner of "Matilda," reputedly the oldest gas-propelled car still operating in the country, meets Policeman Samuel Scarpella while en route to Chicago Fair of 1950. Built in 1894 at cost of \$15,000, automobile has top speed of 10 m.p.h. It will be a feature of "Frontiers of Freedom" historical pageant at the Fair. With Monsen is Mrs. D. W. Hankins, daughter of one of the car's builders.

More than one million dollars of mobile equipment, including either originals or exact replicas of some of the greatest mechanical discoveries that have contributed directly to the building of the American economy, will be used as stage properties for the mammoth "Frontiers of Freedom" historical pageant which will dramatize 270 years of American history and progress in 14 scenes running 63 minutes at the Chicago Fair of 1950 this summer.

Included among the stage properties will be such novelties as an authentic oil derrick gushing simulated oil, a replica of "The City Hawk," the Wright Brothers' plane, a century-old Baltimore clipper

ship, a two-deck Erie canal boat, a copy of the first McCormick reaper, the 1829 Tom Thumb and 1831 John Bull railroad trains, modern diesel locomotives, a jet plane, the most modern cotton picking machine, a self-propelled harvester thresher and many others.

"Frontiers of Freedom" will be shown four times daily in a lake front theater seating 6,000, and having the largest outdoor stage in the world. Dedicated to dramatizing American achievements in science, agriculture, commerce and industry, the Chicago Fair of 1950 opens June 24 and runs through Labor Day.

Tinley Park Times Representative Goes On Preview Flight

Tuesday, members of the press and radio had the opportunity of having a "pre-view" flight in one of the new Trans World Airlines transcontinental Constellations.

Members of the above group were invited to take a courtesy flight scheduled to go over six states surrounding Chicago. They left municipal airport at 11:00 a.m. Tuesday for a three hour flight.

Mrs. H. A. Merrell, representative of the Tinley Park Times, reported that the trip was pleasant and comfortable in all ways. She reported cruising at the rate of 340 miles per hour, and that the new plane gives one a smoother ride than any other means of transportation.

Inauguration of Constellation Skycoach flights on Trans World Airlines' transcontinental routes on May 26 will provide additional accommodations for students returning from schools and colleges for the summer holidays, C. E. McCollum, regional general sales manager for TWA, pointed out today.

TWA's low-fare Skycoach flights have proved popular with students since the service was started, he said, because the combination of time saving and economy on fare made it possible for them to travel even over short holiday periods.

The Constellation Skycoach flight time is two hours, 55 minutes between Chicago and New York and seven hours, 10 minutes from Chicago to Los Angeles.

TWA also has a daily Skycoach service using four-engine equipment

between New York, Pittsburgh and Chicago at a fare of \$29.60 between Chicago and New York.

Fare on the transcontinental Constellation Skycoach from Chicago to Los Angeles is \$85, between New York and Chicago, \$35 plus tax.

Speed your work with a McCormick* Farmall* Cub Tractor

There's an easy way to do your work... do it with a Farmall Cub tractor! It's a honey for mowing, hauling and other maintenance work on estates, golf courses, parks, playgrounds, roads and streets, in cemeteries, institutions and industrial installations. And, it does utility work on large farms, or ALL the work on small or part-time farms. Ideal for vegetable farms, too, with four-row planters and cultivators that give you high clearance and exclusive Farmall Cultivator.

With choice of more than 20 attached implements you can equip your Farmall Cub just as you need. There are plows, harrows, planters and cultivators, as well as three-gang lawn mower, cutterbar mower,

power saw, leveling and grading blade and bucket scoop. Use any or all, on less than three quarts of fuel an hour! Just call us for a free demonstration and full information about the Income Purchase Plan—up to 24 months to pay.

See what a Farmall Cub can do:

Easily handles a 12-inch McCormick attached plow; plants and cultivates one row of corn or other wide-row crop, two rows of beets or beans, four rows of vegetables. Pulls 4-foot tandem disk harrow, 4½-foot spring tooth harrow. Mows 4½ feet with cutterbar or 3-gang lawn mower. Hauls trailers, wagons, spreaders, rakes. Belt pulley powers feed grinder, sheller, saw, mixers. With leveling blade or bucket scoop, maintains roads and drives, does landscaping, clears roads and drives of snow.

IMPROVED CUTTING, THRESHING, SEPARATING AND CLEANING PERFORMANCE

The MM Harvester, the original lightweight big-capacity combine for all crops, still leads the field... every step of the way. In cutting the grain, it has proved year after year that it can save the crop under conditions where other methods failed. In threshing, the MM rasp-bar cylinder has proved itself a superior threshing mechanism, thoroughly breaking the seed pods without damaging the most delicate seed or beans. MM Harvestors give you big separating capacity with their pitching, tossing, backward and forward motion. MM exclusive grain-pan design assures better cleaning-shoe performance, and the MM triple action cleaning-shoe and V-belt driven cleaning fan work together to provide top performance in cleaning all grains and grass seed crops. If you haven't a Harvester, it will pay you to see us now about this most modern of all combines.

Rufe's Ramblings

By RUFÉ PICKETT

Two things played an important part in Mount Airy, N. C. being what I call my old home town. The first was a popular song. My father was a school teacher. When I was four he came to the conclusion that if we lived in a town he might be able to pick up some odd jobs for Saturdays, as well as getting work during the six months summer vacations. So he sold the farm on which I was born and we started out.

The station master in Greensboro had an ingenious way of announcing trains. It was the forerunner of theme songs, as we know them today. The horn of a cylinder record phonograph would blare Suwanee River, Back Home in Tennessee, Sidewalks of New York, and announce the principal stations enroute. Had the Atlantic & Yadkin extended ten miles nearer the Blue Ridges the notification to the passengers might have been Carry Me Back to Old Virginia and I might have grown up somewhere else, but when the old fiddler sawed down on Turkey in the Straw we got on the train for Mount Airy.

When we got there we rented a house for four dollars a month. We didn't live there the first four dollar's worth. I was with Pa the day he was talking to the big fat man in the post office. He insisted that we meet him there at 2 o'clock the next evening. When we started out I wanted to pick up a dime the feller had dropped but he told me not to bother it. I can understand his point now. He wanted to introduce the honesty of Mount Airy people to us. Pa bought a house and lot next day after he saw the post master hand the feller the dime which had been picked up and turned in by somebody who hoped that the rightful owner would call for it.

4th of July Celebrat'n At Chicago Fair

The Cook County Council of the American Legion and the Chicago Fair of 1950 have joined forces to make July 4th the biggest patriotic day, from the civic standpoint, ever staged in Chicago.

July 4th has been declared as American Legion Day at the Chicago Fair starting at 10:00 a.m., with an impressive Flag Raising Ceremony followed by parades and concerts by Legion Drum and Bugle corps thru out the day.

Climaxing Legion Day in Chicago, the American Legion will present its 16th annual gigantic fireworks presentation in Soldier Field.

Advance combination ticket sale—only one dollar for both events, admission to the Chicago Fair and the Legion Fireworks Display—will open Thursday, June 1st, in Room 510 in the Morrison hotel. Tickets may also be purchased for the Legion show for 75c general admission and \$1.25 for reserved seats.

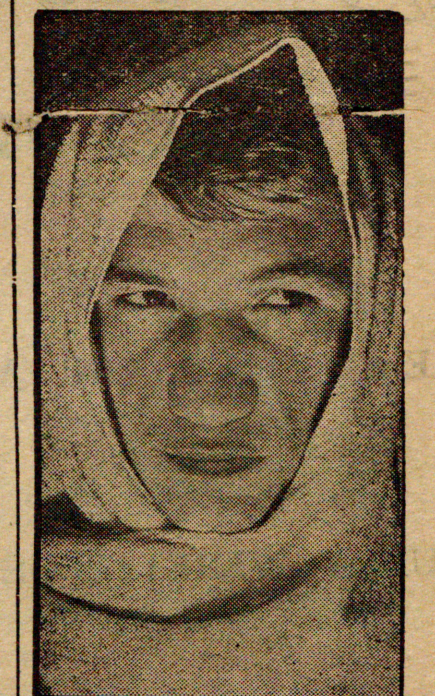

Entries are pouring in for the race to be "Miss Fireworks of 1950," the queen of the American Legion's 16th Annual Fourth of July Celebration.

"Miss Fireworks" and a court of 18 years of age or over who send three are to be selected from girls in their entry blanks on or before June 20th, to Contest Headquarters at the office of William S. Bishop, Room 707, 6 North Michigan ave. Entry blanks may be obtained by calling STate 2-6065.

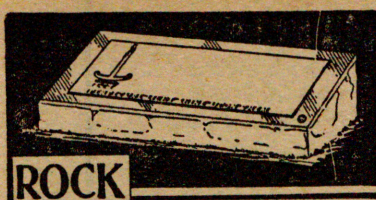

Committee Named For Cathedral Drive

Continuing with the parish or organization program in the Cathedral fund campaign according to schedule, parishes of the central section of the Diocese of Joliet began enlistment of executive committees within the past few days, according to Very Rev. Gregory M. Cloos, V. F. and Charles R. Reardon, central chairmen.

Pastors in five of the 28 parishes in the central section have already reported completion of their committees. Among them Rev. Dennis Hall, O.F.M., at St. Jude's, New Lenox, appointed John H. Riley, Gougar Road, as chairman of the committee including Max Greenley, Lincoln Highway, Albert F. Huttenhoff, 505 N. Cedar road, and Everett M. Merfeld, 811 Oak Street, all of New Lenox.

USE THE WANT ADS

by old Hi

Today let's talk over a few angles on trolling. This method accounts for some of the best catches of game fish in both fresh and salt waters.

There's much more to trolling than just dragging a lure behind your boat and hoping that a bass, pike, musky or lake trout will strike. The speed and style with which you troll, and the level at which the spoon or wobbler travels are mighty important factors.

You should control the action of your lure not only by how fast you move, but also by weaving the rod back and forth gently and by stripping in and releasing line as you stop at intervals to let the bait sink a few feet. Your efforts are in making the spoon or wobbler appear as natural as possible—like a minnow darting to escape being nabbed or faltering when injured.

When you reach the fishing grounds and start to pay out line, hold the lure nearby for a minute where you can see it as the boat slips along. This lets you gauge by its movement and the throbbing of your rod tip, just how fast you should row or run the outboard motor. Then let the spoon drop back to the distance and depth desired.

When using a large plug (as when trolling for Pacific salmon) it should weave along at a fair clip, while a spoon should turn at a moderate rate, and wobbler should just wobble—not revolve. A spoon is ordinarily trolled near the surface or in shallow water, while a plug or wobbler is worked close to the bottom in deep areas.

In some regions, especially for taking lake trout and salmon the best attractors are spoons or wobblers in nickel, chrome and hammered brass finishes . . . with copper working well on certain occasions. Where the water is clear, white colored plugs are excellent, but for cloudy waters the best plugs are often those with frog or scale finishes.

You should reel in at intervals to make sure there are no weeds clinging to the line or lure. While doing so, with the change in action, direction and speed of the moving bait, you may find that this results in getting hesitant fish to take hold. I've had this happen many times while trolling for bass and pike with spinners and light spoons, and for lake trout with larger spoons and wobblers.

For more dope on trolling, send a postcard to Old Hi, in care of this newspaper, for a free copy of "Fishing For The Millions," and also ask for the new booklet entitled "Pacific Coastal Fishing" which will be available shortly. And if you have any questions about trolling, drop me a letter. See you here again next week.

SCRIPTURE: Habakkuk. DEVOTIONAL READING: Psalm 67: 1-7.

Questioning God

Lesson for June 4, 1950

HABAKKUK has been called the prophet who dared to ask God questions. If he had not asked these questions he would not have had his answers, so we ought to be thankful for him. If he had meekly "taken it" without (so to speak) talking back to God, he himself might never have become a prophet and we might have missed the truth which he was enabled to see. If there had been morning papers in those days, Habakkuk would seldom have read anything good in them.

As for local news, it was all scandal. Murders, judges dispensing injustice in the courts, good people having a very hard time of it . . . Abroad, things looked dark. The giant nation of Babylon was on the march westward, and it did not look as if the nation of Judah had what it would take to stop an invasion.

Habakkuk, a deeply sensitive man, could not brush it all off. He could not say, "Oh well, what can you expect?" or "I see the boys are at it again." He could not think of what was going on around him as if it were all a story, a murder-mystery to be enjoyed in an easy chair. He could not say "It is fate" and let it go at that.

He was desperate in his mind about it all. "Under mine eyes outrage and injury go on," he said (1:3, Moffatt's translation). He dared to ask the question, Why? Why does God permit such things?

God's Terrible Answer

GOD HAD AN ANSWER for Habakkuk, but it did not satisfy him at first; indeed it disturbed him deeply, for the answer looked worse than the original problem. The essence of it was this (Hab. 2:5-11): God had indeed seen the wicked ways of the nation of Judah, and was going to punish the whole country by defeat in war. He was bringing up against them the Babylonians (Chaldeans), an aggressive, fighting, ruthless nation. Sooner or later Babylon and Judah would clash, and then—Smash!

The Prophet Still Asks Questions

HABAKKUK KNEW very well what the Babylonian armies were like and what they had been doing. But could it be true that God would actually make use of a wicked nation like Babylon? God was "of purer eyes than to behold evil;" how then could a good God use the cruel violence of godless armies, even for a righteous purpose?

The Babylonians were not God's people—they did not worship him or know him. How could God use his enemies to punish his own people? Does God justify the means by the end? Does God do evil that good may come?

Habakkuk, in short, was troubled by exactly the same kind of questions that have always arisen when men who believe in a righteous God ponder the meaning of the power of evil.

Faith Comes Through

HABAKKUK never did get a complete, logical answer to his doubts. What he did get was something more valuable. It was a two-fold answer. First, WAIT AND SEE. (2:1-3.) The crushing of Judah by Babylon would not be the last chapter of history. God has yet to settle his account with Babylon, and "God does settle all his accounts in October."

The other part of the answer is: THE JUST SHALL LIVE BY FAITH. The meaning here (2:4) is that there are two kinds of life, two types of character, two sorts of men. One is the man of pride and unfaith, the other is the man of faith. Unfaith kills, faith makes alive. Unfaith trembles and falls, faith endures.

So it is with men and nations. At that time you might have thought, Babylon will survive, Judah has no chance. But in the light of history, we know it was Babylon that perished, Judah that endured. Godlessness may have terrible power, but since it is godlessness, it has no final power against the real God.

So Habakkuk who began by asking questions, came out into glorious faith. The great poem with which his book closes is a bold confession of faith. No longer complaining, he cries out, "The Lord God is my strength!"

An ad about my wife

My wife's a pretty busy woman—though I could leave out the "busy" and still be right.

Big old house. Three kids. Lots to do all the time. But she manages fine.

"I've got a wonderful helper," she often says. "Runs errands for me, carries messages to and from my friends, gets help quickly when I need it and does a lot of my shopping. Never complains, never takes time off or vacations. And works 24 hours a day for just a few nickels."

She means our telephone, of course. We've often said that to a busy housekeeper, the telephone is just about the biggest bargain in the family budget.

Join Rural Chorus If You Like to Sing

Now is an excellent opportunity to join the Will county Rural Chorus, directed by Arthur Enelx, of Lockport. The only requirement is 1. that you like to sing (no professional training necessary), and 2. that you are willing to attend two-thirds or more of the rehearsals.

Almost without exception, the chorus rehearses each Monday night

at the Richards Street Methodist church at 8:00 p.m.

Preparations have just started for the summer and early fall concert season. New music which will be used when the chorus appears with the state chorus at the Illinois State Fair, August 11, is being featured.

Chorus members are also making plans to enter the State Rural Chorus contest and will prepare two special numbers for it.

Just about every Will county

community is represented. Since many of its members are also members of local church choirs, rehearsals are held Monday evenings so as to not interfere with other local activities in which chorus members desire to participate.

Anyone who desires to join this organization is invited to attend the next rehearsal. Those who desire to receive official notices of rehearsals should notify either the Farm or Home Bureau office at 59 West Clinton street, Joliet.

A Talent Worth \$480

There is no measure set on talent these days, and its dollar and cent value is strictly up to you—with the sky the limit.

When an Ancient Roman had a "great talent" he possessed only about \$480 in United States currency. A "little talent" represented around \$363.

The present-day meaning of "special ability" was not applied in Biblical times to the talent, a famous old unit of money. Yet, we are said to obtain our modern interpretation of the word from the Book of St. Matthew, according to Childcraft Reference Library.

The story of the talents occurs in Matthew 25: 14-30, and relates how the Lord gave to his servants a number of talents, "to every man according to his several ability." The one servant who was unable to build his coin into more money was the inspiration for the widely quoted passage, "...from him that hath not shall be taken away even that which he hath."

The talent was used by the Hebrews, Babylonians, Greeks and Romans, all of whom placed different values upon it. A silver talent in Athens, Greece, amounted to about \$1,000 in our modern currency, while that used in Hebrew cities was reckoned at around \$1,800.

Perhaps the ancient and modern terms are not so far afield. It takes talent to acquire \$1,000!

Memorial Day Observances

Memorial Day is an idea, not a date.

Proof of this statement lies in the fact that several states already will have observed the reverent holiday before May 30, and two states will note the occasion on June 3.

According to The World Book Encyclopedia, April 26 is Memorial Day for Alabama, Florida, Georgia and Mississippi; while June 3 is the date in Louisiana and Tennessee. North and South Carolina mark the occasion on May 10.

The notion of a Memorial Day originated in this country following the war between the States, when ladies of the Confederacy brought flowers to the graves of both Union and Confederate soldiers. In 1868, General John A. Logan, Commander in Chief of the Grand Army of the Republic, named May 30 as a special day for honoring the graves of Union soldiers.

Gradually, Memorial Day has come to be observed for all fallen American soldiers. It is now a day of personal and family dedication as well as of patriotic commemoration.

Although it is fairly new in this country, the idea of Memorial Day is a very old one. It stems from the solemn Greek rite of "Zoi", and the Roman "Parentalia."

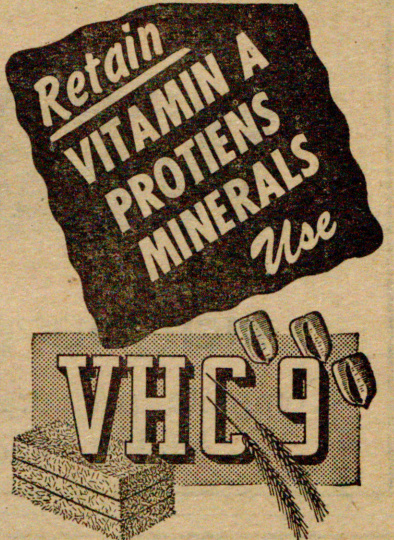

There are special days for honoring the dead throughout the world. In France the dead are re-

membered on the "Jour des Morts" in Ruman'a on the "Eve of Trinity", and in the East Indies and parts of China on a day called "Ching Ming."

CHEMICAL CROP PRESERVATIVE

IN Hay - Grain - Fodder and Ground Feed

Scientific tests show that 90% of the Vitamin A and 70% of the protein in Alfalfa is in the leaves. To protect food value, you must harvest hay while tough so that leaves will not be lost, and avoid excessive sun curing. VHC-9 will make it possible for you to do this without danger of mildew, rot, mold, or heat. VHC-9 is a blue powder chemical crop preservative, equally effective in protecting nutritional value in grain and roughage. VHC-9 application equipment available for balers, blowers, and elevators.

5 DAY FREE TRIAL SHOWS what an Electric Dehumidifier can do in your home!

Take advantage of this sensational free trial offer... use an Electric Dehumidifier for five days and prove to yourself how it will protect against moisture damage. Don't let high humidity take its costly toll. A Dehumidifier will prevent rusting of home workshop tools, end that musty smell in your basement or utility room, and keep mold and mildew out of your recreation room.

The Frigidaire Electric Dehumidifier is completely automatic. All you have to do is plug it into any convenient electrical outlet, and it's installed! There are no messy chemicals to buy or replace, no heaters or electrical coils to worry about. The Frigidaire Dehumidifier is always clean, odorless, and completely safe during operation.

The Frigidaire Electric Dehumidifier, with famous Meter-Miser Mechanism. Removable container catches water and has capacity of 2 1/2 gallons.

SMALL DOWN PAYMENT—balance payable in easy terms on your monthly Service Bill.

A few of the uses for an Electric Dehumidifier

Recreation Room

Use your basement recreation room all year 'round.

A Dehumidifier makes room completely comfortable in summer months—prevents mildew and rot.

Home Workshop

Protect those tools in your basement workshop. Corrosion due to high humidity just doesn't happen when you have a Dehumidifier.

Decorating

No more dampness problem after you plug in a Dehumidifier. Fresh paint, plaster and new cement floors dry quickly.

Store Windows

Don't let "sweat" cloud your show windows. Florists' shops or other stores with this trouble can clear their windows with a Dehumidifier.

ALMOST A FRIED EGG—While mechanics repaired one engine of an R4D (DC-3) transport plane at the Marine Corps Air Station in Santa Ana, Calif., two sparrows worked on the other with this astonishing result—a nest and a single blue egg atop No. 14 cylinder. The nest was discovered when Marines investigated the frantic activity of the parent birds around the plane. High engine temperatures would have burned the nest to a crisp, so Marines moved it to an eave of a nearby hangar.

"GWAN BACK TO SLEEP!"—Just like any human youngster who's up and ready to play at the crack of dawn, Brumas, the London Zoo's polar bear cub, plagues his mother, Ivy, for an early morning tussle. Ivy, whose dream was interrupted in the middle of a fish dinner, is understandably reluctant.

FARMALL CUB TRACTORS

NOW AVAILABLE IN TINLEY

Now on display at Goodson Farm Eapt. is the famous McCormick Farmall Cub tractor which is tailored to do the multitude of large and small jobs on large estates, institutions, part-time farms, nurseries, vegetable farms, small orchards, and other enterprises.

"The Farmall Cub," Earl Goodson says, "is the most powerful, easiest to handle, low-cost tractor for its size that I have ever seen. I am pleased to make the Farmall Cub available to users in Tinley Park".

One of the many features of the Farmall Cub, Goodson points out, is Farmall Touch-Control. The op-

erator merely flicks a small lever on the steering column, and hydraulic power lifts, lowers or adjusts attached implements to any desired height or depth. The Farmall Cub, he adds, maneuvers in and out of corners and turns "on a dime." It works all day on only a few gallons of gas.

The Farmall Cub, with matched McCormick equipment, can mow hay and lawns, plow, plant, cultivate, maintain drives and lanes, clear driveways of snow, saw wood grind feed, and do hauling and dozens of other jobs.

Easy to operate, n'mble Farmall Cub is now available locally in this area for part-time farmers, estate owners, vegetable-growing and other operations where portable power is required.

Don't forget our Cub demonstration Friday and Saturday, June 2 and 3. Drive them yourself. Contact Goodson Farm Equipment, Tinley Park.
